WALKING TOUR

WELCOME TO OUR BEAUTIFUL CAMPUS

Seton Hall was founded in 1856 by James Roosevelt Bayley, the first bishop of Newark, who named the University after his aunt Elizabeth Ann Seton, the first American-born saint. We are a private, Catholic institution located on 58 acres in the Village of South Orange. Seton Hall offers easy access to Manhattan, only 14 miles away.

A Richie Regan Athletic and Recreation Center
Begin your walking tour at the Parking Deck. Walk toward the large bronze Pirate Statue. The Richie Regan Athletic and Recreation Center is on your right. The building houses the Fitness Center, coaching offices, Walsh Gymnasium and our award-winning, student-run radio station WSOU-FM.

B Walsh Library
Continue down Seton Drive toward the stop sign. On your left is Walsh Library, a large white building with a rotunda. Cross the street and stand under the rotunda to view inspirational and historical quotes. The Library opened in 1994 and includes study rooms, the stacks and Dunkin Donuts.

C Seton Hall Bookstore and Duffy Hall
Leave the rotunda and head left up Madison Road. Across the street is Duffy Hall, home to the Bookstore and the offices for Housing and Residence Life, Parking Services, Card Access and Disability Support Services.

D Mooney Hall
Continue up Madison Road. On your left is Mooney Hall, former principal building for Seton Hall Prep students and home to our award-winning Center for Academic Success, which helps ease the transition from high school to college and provides mentoring for all incoming students.

E Xavier Hall
Turn right and beyond Duffy Hall you will see Xavier Hall, the largest upperclassmen residence hall. Our upperclassmen residence halls include suite-style rooms consisting of two rooms with a shared bathroom. The campus is home to over 2,200 students who live in either the six halls on-campus or the two off-campus, apartment-style residence halls.

F Arts & Sciences Hall and Caroline D. Schwartz Building
Continue straight under Xavier Hall. Arts & Sciences Hall and Schwartz Building are on your left (two white buildings). Arts & Sciences Hall houses classrooms and the Academic Resource Center which provides

advising, tutoring and writing help. The Schwartz Building houses general classrooms.

G Fahy, Serra and Neumann Halls
Continue straight. Fahy Hall is on your left and Serra and Neumann Halls, two upperclassmen residence halls, are on your right. Fahy Hall consists of numerous academic departments, classrooms, a language lab, computer labs, the Pirate TV Studio and the Honors Program.

H Cabrini Hall, Carriage House and Bethany Hall
Continue to the end of the sidewalk. On your left is Cabrini Hall, an upperclassmen, residence hall. The red brick historical building across Seton Drive is the University's original Carriage House, which now houses art studios. Bethany Hall serves as a welcoming multipurpose space for visitors, the University community and alumni; it is the central location for admissions activities, including campus tours.

I Bishop Dougherty University Center
Turn around and head back to Xavier Hall. Make a right, and walk downhill. Follow the path past the Seton Hall Organic Garden. Continue around the Bishop Dougherty University Center, which holds The Caf (Seton Hall's dining room), Pirate's Cove and Theatre-in-the-Round. The University Center has meeting spaces for clubs and activity areas for speakers, dances and more.

J Boland Hall
Walk across the street to Boland Hall, our largest freshmen residence on campus. Boland Hall is also home to Campus Ministry, the pastoral presence of the Catholic Church.

K The Green and Jubilee Hall
Walk around The Green, keeping it on your left. On a sunny day, students gather here to hang out and study. Our campus is completely wireless, enabling students to bring their Seton Hall laptops outside to study. Jubilee Hall is on your right, home to the College of Education, Stillman School of Business and some College of Arts and Sciences classrooms and offices. This building contains The Trading Room, Sports Polling Institute, Market Research Center and labs.

L Presidents Hall and the Chapel of the Immaculate Conception
Next you will see the two most historic buildings on campus. Presidents Hall dates back to 1867

and houses administrative offices. The Chapel of the Immaculate Conception was built in 1863 and renovated in 2008. It is the spiritual center of campus where mass is offered multiple times a day.

M Bayley Hall
When facing the Chapel, turn right and walk down the path. On your left is Bayley Hall, where you'll find the offices of Financial Aid, Registrar and Bursar. It also houses The Career Center which provides career education and a recruiting environment for students and employers. The Center is open to all students, beginning their freshman year, to help them find internships, build resumes and apply for jobs.

N Science and Technology Center
Continue past Bayley Hall to the state-of-the-art Science and Technology Center. The building includes classrooms, labs, a rooftop greenhouse and observatory. Undergraduate students gain hands-on experience working side-by-side with well-known science professors conducting research, some of which is funded by the National Institute of Health.

O Corrigan Hall
Turn left toward Corrigan Hall where you will find the Music Department, classrooms and the Mobile Computing helpdesk. Students needing laptop assistance come here for help or repairs.

P Aquinas Hall
At the end of Corrigan Hall, turn right to head to the rear of Bayley Hall. On your right, you will see the newly renovated Aquinas Hall (or AQ, as it is called by students), which is a freshmen residence.

Q McQuaid Hall
Turn right toward the street, Chapel Court. Cross and you will find a yellow brick building, McQuaid Hall, which is home to the School of Diplomacy and International Relations.

R Immaculate Conception Seminary School of Theology
Continue straight through the narrow, tree-lined passage and then take a left. Across the street, on your right, you will see our baseball and soccer fields, Owen Carroll Athletic Field. The Immaculate Conception Seminary School of Theology is on your left.

This concludes the walking tour of Seton Hall University. We hope you enjoyed your experience at Seton Hall.
